Hi Mike,

Attached is the version with my edits. As John mentions below, NOAA is taking the lead on combining the slides/formatting the presentation, so I didn't make any formatting edits, but let me know if you would prefer that I did.

Thanks!

Julia

Hi Julia. Are you able to take a first cut at reviewing/editing this for OPA, then send to me for final OPA review? And given SEMD's deadline can you do so by 4:45?

Thanks, and let me know,

Hi Folks,

Here is the draft Power Point that we discussed with NOAA this morning. We have made a few changes based on the discussion this morning.

NOAA has volunteered to take the lead in combining these slides with NOAA slides on the Scripps survey.

We need OPA's review/edits prior to sending off to NOAA. We'd like to get this to NOAA tomorrow am if possible.
Thanks everyone for your work on this, let us know if we should get together and discuss,
John
